

FIS RELEASES 2020

HIGHLIGHTS

***FIS/wws* NextGeneration for SAP S/4HANA 1909 FPS 2**

Grafenrheinfeld, October 2020

DISCLAIMER

The specifications and information by FIS Informationssysteme und Consulting GmbH contained in this document are without obligation and non-binding. FIS expressly reserves the right to make subsequent changes to these specifications and information.

The specifications and information in this document represent confidential information of FIS and must be treated confidentially by the receiver. Passing on and duplication of the specifications and information in this document or parts thereof, in whatever form, is only permitted with the express prior written consent of FIS.

This document and the information contained therein may only be used for the purpose of evaluating the specifications and information provided by FIS as part of the offer in connection with which they were made available. In particular, the passing on of these specifications and information to third parties is prohibited.

This document does not constitute a legally binding offer by FIS. FIS assumes that the parties will negotiate legally binding contracts on the subject of this document at a later stage. FIS is not liable for damages incurred. This applies including but not limited to concrete, special and indirect damages or consequential damages which may arise from the use of the specifications and information of FIS in this document. This restriction does not apply in the case of intent or gross negligence. The statutory liability for personal injury or product liability shall remain unaffected.

The non-binding statements made in this document are based on the General Terms and Conditions of FIS Informationssysteme und Consulting GmbH.

FIS/wws NextGeneration

THE APPLICATION AND ITS BENEFITS

FIS/wws NextGeneration (NG) is the industrial solution for technical wholesale and compound groups based on SAP S/4HANA. Industry-specific additional functions for sales and distribution as well as materials management optimize and complement the SAP standard version.

As a consequence, *FIS/wws* NG reduces adjustment efforts and implementation time of the SAP software to a minimum. *FIS/wws* NG used in combination with SAP S/4HANA is the optimum support for technical wholesale business processes. Since 1996, *FIS/wws* has permanently been further developed and is currently used by more than 30,000 SAP users.

Your benefits:

- Future security and scalability due to advanced, open architecture and biannual releases
- Competitive advantages thanks to transparent data in real time as a decision basis
- High functional scope due to numerous specific processes
- Consistent processes thanks to a seamless SAP S/4HANA integration, including embedded EWM
- International applicability due to its availability in 16 languages
- FIS as a market leader in the technical wholesale sector in Germany, Austria and Switzerland with comprehensive industry knowledge

RELEASE HIGHLIGHTS *FIS/wws* NextGeneration for SAP S/4HANA 1909 FPS 2

2020 – Latest developments

- ***FIS/cash*: Cash register obligation**
 - Required functional enhancement for the cash register security regulation
- ***FIS/wws* Express delivery service provider: Web service “GO!” and GLS Web service “ShipIT”**
 - The area for express delivery service providers was enhanced by Web services “GO!” and “ShipIT”.
- **Enhancement of forms by EHUG specifications**
 - The print of invoices and delivery notes was enhanced by the necessary EHUG specifications.
- **Enhancement of the “Create with reference” function**
 - If there is an open main release item during a “creation with reference”, a popup with a note will open.
- **Optimization of the “Import data from sequential file” function**
 - Users can now define themselves what SAP material numbers or fields are to be used for article determination (e. g. EAN, vendor article number, old material number).
 - After data import, a result window will be displayed to ensure that users can check what articles can be adopted from the file and with what article number.
