FIS/hrd RELEASE HIGHLIGHTS

THE APPLICATION AND ITS BENEFITS

With *FIS/hrd*, FIS provides each HR user department as well as all SAP system operators with tools for a convenient and modern technical and organizational support of their activities. With *FIS/hrd*, you make the right decision if you commit yourself to security and auditable development. The main focus is on the following areas:

- PCM – Payroll Change Management
- Research in payroll data
- Audit compliance within Customizing
- Optimization of maintenance processes
- System migration and reengineering
- Qualified ‘before/after’ analyses
- Analysis of the existing HCM data
