7 Individual training course

FIS organizes the training course and you define the main topics.

Are you interested in the training topics offered by the FIS Education team for the field of Business Process Integration but the contents need to be adapted to your specific requirements? No problem! You define the main topics, such as industry or internal business processes, and the FIS Education team will deal with them in an individual *FIS/xee* training course. For further information, please send an e-mail to our *FIS/xee* Support Team.

Organizational information

Training courses dates

Please ask for the current dates.

Training location
